Parents and community members are encouraged to become active members and support this worthwhile organization and its programs.

Students and parents should consult the Course Selection Guide for more detailed information on graduation and promotion requirements for each graduating class, including the specific departmental requirements for each core subject area. Students are responsible for knowing these requirements and scheduling their courses accordingly.

Course Selection

Students select their courses for the next school year in the months of January and February. Course selection information will be distributed to students during an assembly presentation. Course offerings, promotion and graduation requirements, as well as the scheduling process will be discussed. Following the presentations, students should discuss their course selections with their parents/guardians and determine the courses that the student will request for the following school year.

Students who will be in 9th, 10th, or 11th grades should request a total of eight (8.0) credits, plus alternates. Failure to request the appropriate number of courses and credits during the advertised timeline will result in the student's schedule being determined by school staff and will be filled with remaining availability in courses (students will not be able to select their elective choices).

Guidance counselors will then meet individually with current students to review the student's course requests and to verify the student's progress in fulfilling graduation requirements. Both students and parents are encouraged to make appointments with the counselor to review the student's academic record and to discuss the courses that the student has selected. Course request verification sheets will be sent home once prior to finalizing student and teacher schedules. Once schedules are finalized and made available, no further changes to course requests will be accepted.

Course Level Guidelines

Advanced Placement: This level is for students who plan to pursue post-secondary schooling at highly competitive colleges or universities. Advanced Placement courses assume students already have strong foundations in the specific subject area of the course and are seriously interested in preparing to take the subject area Advanced Placement test. This level provides opportunities for academically talented students whose abilities, interests, and demonstrated levels of performance to perform college level work in high school. All course specific prerequisites must be met with a grade of at least 85%. Satisfactory or advanced performance on standardized assessments and staff recommendations will also be considered as part of level placement criteria.

Honors: This level is for students who plan to pursue post-secondary schooling at highly competitive colleges or universities. Honors courses require students to have well-developed academic skills which enable students to pursue independent learning. This level is for students who are capable of higher levels of thinking and demonstrate the ability to write, speak, and analyze in a highly competent manner. All course-specific prerequisites must be met. Satisfactory or advanced performance on standardized assessments and staff recommendations will also be considered as part of level placement criteria.

College Prep (CP): This level is for students who plan to pursue post-secondary schooling at two or four-year colleges or universities or institutions of higher learning. College Prep courses require students to have academic skills which enable students to grow towards independent learning and success in a college level program. This level is for students who are capable of higher levels of thinking and demonstrate the ability to write, speak, and analyze in a competent manner. All course-specific prerequisites must be met. Satisfactory performance on standardized assessments and staff recommendations will also be considered as part of level placement criteria.

Academic Level (AC): This level is for students who plan to pursue vocational training, enlistment in the military, or entrance directly into the workforce. Academic Level courses require students to focus on improvement of academic and other skills towards ensuring success in future school or work opportunities. All course specific prerequisites must be met. Performance on standardized assessments and staff recommendations will also be considered as part of level placement criteria.

Moving from One Level to Another from Year to Year

If a student performs at a consistently high standard and maintains a grade of at least 90% within an AC or CP course, the student should consider moving to a more demanding level in the succeeding school year. Students who find that a level course is too challenging and do not maintain a passing grade should consider dropping a level within that content area for the succeeding year.

Course Availability

Courses will be offered contingent upon sufficient enrollment and availability of instructional staff and classroom space.

Schedule Changes

The course selection process should represent the student and parent's final course requests during the announced timeline. Once course verification sheets have been distributed, students and parents will have a short timeframe to make changes to a student's course requests for next year. Changes to course requests for next year will not be accepted after the designated deadline. School personnel will then build a master schedule and will generate each student's schedule based on those requests.

Schedule changes will only be made in the following circumstances:

- irresolvable scheduling conflict
- scheduling error
- a failing grade in a current course
- a course pre-requisite not being fulfilled
- recommendation of the administration

Schedule changes to accommodate requests for specific teachers will not be accepted.

To request a schedule change due to one of the above listed reasons, the student and parent must submit a letter to the Principal with specific information regarding the reason for the request, the course(s) that are requested to be dropped, and the course(s) that are requested to be added. The Principal will decide whether to grant the request based on the above procedures and compliance with procedures related to student assignment.

All schedule change requests must be received within two weeks of receiving your schedule. Students will only be permitted to substitute courses that were originally requested as a request or alternate during the initial course selection timeline. The student must remain in class until notified by the counselor as to when the change will become effective. In the event that a schedule must be altered after the end of the first semester, it will require the written approval of the Principal. Courses that are dropped after the approved schedule change period may become a part of the student's permanent academic record, resulting in the student receiving a grade of "0" for the marking period in which the course was dropped as well as the final grade for the course.

Dual Enrollment

Partnerships have been established with various post-secondary institutions, including Delaware County Community College, Cecil College, Harrisburg Area Community College, Lancaster General College of Nursing and Health Sciences, Thaddeus Stevens College of Technology, West Chester University of Pennsylvania, Eastern Mennonite University, and Goldey Beacom College, in order to expand the types of courses that are available to students. Students interested in pursuing options at community colleges, colleges, or other higher education institutions should consult with their counselor for more information. These courses are opportunities for students to gain high school and college credit simultaneously. Students should consult with their counselor to gain a deeper understanding of these opportunities. For the most up to date information on dual enrollment, please refer to the district website at www.oxfordasd.org and select Oxford Area High School >Departments>Guidance.

21st Century Learning Initiative

Under the 21st Century Learning Initiative, all students enrolled in grades 9-12 will receive an iPad (with some preinstalled apps), charger, and protective carrying case for use both in school and at home. This equipment is the property of the Oxford Area School District and is on loan to the student for the current academic school year. The purpose of providing students with technology on a one student-to-one device ratio is to achieve the goal of enhancing teaching and learning by utilizing online and digital resources and by delivering opportunities for students to learn in a technology-based mode with which they are comfortable and familiar.

Students and parents must sign and return the Acceptable Use Agreement, the Equipment Loan Agreement, and pay a technology fee annually. To view the agreement documents and read more information about this initiative, please visit the high school and district websites.

Grade Reporting

Grades will be reported to students and parents at the conclusion of each marking period. Parents and students will be notified approximately one week after the close of each marking period that grades are available to view in Power School. Report cards will be printed and distributed to students after 1st, 2nd, and 3rd quarters. Final report cards can be mailed upon request.

To Find Average for Year Long Courses – Add the 4 marking periods and multiply by 2, then add the final and midterm exam scores, then divide the total by ten. To Find Average for Semester Courses – Add the 2 marking periods and multiply by 2, then add the final exam score and divide the total by five.

Grading

The grading scale for Oxford Area High School and Penn's Grove School:

A+	97-100
A	93-96
A-	90-92
B+	87-89
B	83-86
B-	80-82
C+	77-79
C	73-76
C-	70-72
D+	67-69
D	65-66
F	0-64

65 is the minimum passing grade.

Marking period grades will be determined by the following percentages:

- **70% - Performance Assessments** – Tests, quizzes, and skill-based performance measures
- **20% - Formative Assessments** – Classwork, in-class assignments, class participation, and other in-class measures
- **Not more than 10% - Homework**

For classes where Homework will count less than 10%, the remaining percentage will be added to Performance Assessments.

A student who withdraws failing from a specific course will have this grade appear as a “0” on his/her cumulative record. The grade is also a factor in calculating a student’s G.P.A. Teachers will explain their grading procedures to students as part of their opening of school procedures and periodically review their practices with students throughout the year.

Grading Procedures for Late Homework and Assessments

Homework: must be submitted prior to class; any late submissions will receive zero credit

Formative Assessments: One day late receives 50% deduction; after one day late submissions will receive zero credit except for tests/quizzes that can be made up by the end of the marking period

Performance Assessments: all tests and quizzes can be made up throughout the end of the marking period; projects, papers, presentations that are one day late will result in a 10% reduction. Anything after one day will result in a 50% deduction and can be made up until the end of the marking period.

**The above does not apply to Early College Academy and Advanced Placement courses. **

**Individual Education Plans and English Language Learner accommodations supersede the above grading procedures. **

**Students and teachers should work together to ensure that quizzes and tests are completed in a timely manner. **

Student Academic Progress

Student grades, assignments and other information are available through PARENT PORTAL online. Information regarding access to PARENT PORTAL is posted on the High School website.

Teachers will also contact parents regarding student progress when they feel a significant change in student performance (positive or negative) has occurred. Teachers will contact parents to report marking period failures and course failures.

Parents are encouraged to contact their child's teacher(s) when they are concerned with their child's progress in a course.

Grade Point Average

Grade point average (G.P.A.) is cumulative and is computed at the end of each marking period. Grade point averages are calculated on a weighted 4.0 scale according to the following table:

Letter Grade:	Numeric Range:	College Prep level Academic level Unleveled courses	Honors level Language IV and V ATP Seminar PLTW courses Early College Academy Courses in Freshman Year	AP level Dual Enrollment College courses (except those listed in previous column) Allied Health Teacher Academy

Grade Point Average is calculated using the following steps:

1. Each grade is assigned a numeric value according to the table on the previous page.
2. Multiply the GPA value for each course by the credit value of that course to obtain the quality points.
3. Total the credit value for all the courses and total the quality points for all the courses.
4. Divide the total quality points by the total credits to arrive at the grade point average.

PowerSchool calculates GPA automatically at the conclusion of each marking period.

Class Rank

Class Rank is determined by using cumulative GPA by grade level. The student with the highest cumulative GPA in his/her grade will be ranked first. The student with the second highest cumulative GPA in his/her grade will be ranked second and will follow this until all students in a grade level are ranked. Students who shared identical cumulative GPAs will share the same rank and the next student will be ranked after the total number of students ranked in front of him/her. For example, if two students have identical GPAs and share the rank of 3rd in class, the student with the next highest GPA will be ranked 5th.

Scholarships and Awards

Please contact your school counselor regarding local scholarship opportunities. Scholarships are advertised on school announcements and on the OASD website at www.oxfordasd.org and select Oxford Area High School >Departments>Guidance. You can also view scholarship opportunities by accessing your "Family Connection Account." Your Username and Password is the same as your Power School login.

Transcripts

Students needing to obtain an official transcript must complete a transcript release form. This form is available on the school website and in the Guidance Office. Please allow at least 2 weeks for processing. If a transcript is to be mailed, the student should allow additional time for mailing.

Workplace Experience

Students on Senior Workplace Experience must adhere to the following guidelines:

1. Students must be passing ALL classes to maintain Senior Workplace Experience status.
2. Students are expected to continue to follow all school rules, district policies, and administrative directives at all times as a member of the student body.
3. Students are responsible for their own transportation when following their Senior Workplace Experience schedule. If you do not have transportation to and from school at the time of your classes, you will not be granted Senior workplace Experience privileges.
4. Students with Senior Workplace Experience are responsible to get necessary information that is distributed during homeroom. Students are responsible to access the website for all pertinent information usually distributed in HR (i.e.: graduation, cap/gown, prom, fundraiser, etc.). Check in with senior class advisor.
5. Students must leave the building promptly after their last scheduled class. All students must exit from the main office.
6. Student drivers are required to have a valid OAHS parking permit.
7. Parent notes are still required for any absences, early dismissals, or late arrivals. Being 18 years of age does not allow students to come and go from the building without parental permission.

STUDENT SERVICES

Guidance

School counselors assist students with improving school achievement, exploring solutions to personal problems, making career plans, selecting post-secondary schools, and identifying financial aid options for higher education. A student wishing to meet with his/her counselor should contact the guidance secretary to request an appointment. Student Records

The Family Educational Rights and Privacy Act of 1974 provides parents or students who have reached the age of 18 the right to inspect personally identifiable information about a student obtained by the school district; challenge information in the record which a parent considers inappropriate or inaccurate or misleading or which violates the privacy or other rights of the student; precludes the release of records absent written consent of the parents with certain exceptions concerning directory information which is noted below; to file with the U.S. Department of Education a complaint under Section 34 CFR Section 99.64 concerning alleged failures by the institution to comply with the requirements of the Act. The school district's policy concerning parents' and students' rights under this law is available at the Administration Building, 125 Bell Tower Lane, Oxford, PA 19363.

In addition to the above rights, FERPA provides that the school district may release certain information without the parent's written consent, unless a parent gives written notification to the school district not to release such information. The Oxford Area School District Board of Directors has determined that the following information is directory information:

Name; school clubs and activities; sports; weight and height of athletic team members; graduation date; awards received.

For example, a newspaper could seek the above-listed directory information for all students. Those students whose parents have issued a written objection to the release of directory information would not have the information above released. Those students whose parents have not signed such a written objection would have information listed above released to the public. Accordingly, if parents do not wish their child's directory information released as a part of the school district's public record, the parents must contact the building principal and give written notice of their objection to the release of directory information about their child. Postsecondary institutions and military recruiters shall have access to secondary students' names, addresses and telephone numbers, unless the student or parent requests that such information not be released without prior written parental consent.

Special Education

The Oxford Area School District offers a wide variety of programs for students who require special services. Our district meets the special needs of eligible children and youth with disabilities through a comprehensive multi-disciplinary evaluation, specially designed instruction, and related services. These programs and services are instrumental in helping children and youth with disabilities develop, learn, and succeed in school and other settings. Our programs and services are provided through the school system. Any questions regarding special education should be directed to the high school administrators or guidance counselors.

HEALTH SERVICES

All students must have a current Emergency Form/Health Update, signed by a parent or guardian, on file in the health room, in order to be treated by the nurse or assistant, except in the case of an emergency. Please reference OASD Policy 5600 at: www.oxfordasd.org and select School Board>Policies. All forms are available at www.oxfordasd.org and select Oxford Area High School > Departments> Health Office.

Medications

No student may carry or give medications to another student. Violators are subject to OASD Policy 5430. Exceptions are made for emergency medication which requires the completion of the Self-Carry/Administration form and building administrator permission. Prescription and non-prescription medications require a written request from parent/guardian **and** health care provider. Additional information is in OASD Policy 5610 at: www.oxfordasd.org and select School Board>Policies

Immunization

All students attending OASD must adhere to immunization regulations established by the PA Department of Health. A student may be declined entrance into school until proof of immunization is presented. New students may be allowed to enroll on a provisional basis if they have at least one dosage of each required immunization. Requests for religious or medical exemption must be presented to the school nurse in writing.

Health Screenings

The Pennsylvania Public School Code requires certain school health services for all children of school age, regardless of the school setting.

Height, Weight, and BMI

28 PA Code, Chapter 23.7 – School Health Regulations of the Pennsylvania Department of Health implement the Public School Code. These regulations require **annual** height and weight measurements and that effort be made to determine the growth pattern of each child.

Vision Screening

28 PA Code, Chapter 23.4 – Vision screening tests shall be conducted **annually** by a nurse, teacher, or medical technician.

Hearing Screening

28 PA Code, Chapter 23.5(d) – **Each year**, pupils in kindergarten, special ungraded classes, and grades one, two, three, seven, and **eleven** shall be given a hearing screening test.

Requests for exemption must be presented to the school nurse in writing every year.

Cafeteria

Students are expected to:

- Report to the cafeteria promptly at the beginning of their lunch period.
- Be considerate of others and practice good eating manners. Students are responsible for the cleanliness and order of the area in which they are eating.
- Cooperate with the cafeteria supervisors.
- Be able to select their own seat in the cafeteria, unless otherwise assigned by an administrator.
- Remain in the cafeteria until the lunch period ends. Students may leave the cafeteria only to use the restrooms adjacent to the cafeteria.
- Obtain written permission from a teacher or administrator prior to arrival in the cafeteria if they need to leave before the end of the lunch period. Students must show a valid hall pass to a faculty monitor before leaving.
- Be responsible for bringing up their trays, depositing their trash, and leaving their table ready for others to use.

Students may not:

- **Take food and/or beverage (except for bottled water in a clear, plastic container) from the cafeteria or consume them in the halls, courtyard, or classrooms.**
- Order food and have it delivered from outside businesses during the school day.

Breakfast is offered to students from 7:00 to 7:30 am in the school cafeteria. Students are expected to follow correct cafeteria procedures. Prices will be determined by the Board of Directors of Oxford Area School District.

All enrolled students of OASD are eligible to receive a nutritional breakfast and lunch each school day during the 2022-2023 school year at no charge to your household. No further action is required of you. Your child(ren) will be able to participate in the meal programs without paying a fee. However, you are still encouraged to fill out Free/Reduced Meal Applications in order to receive additional benefits that may be offered through outside sources. Application forms are available at www.oxfordasd.org. On the website, select Departments and then choose Food and Health Services.

Items can still be purchased A La Carte or separate from the “meal” for an additional cost. We strongly encourage you to add money to your child’s School Café account. You can use the link on the district website or got to www.SchoolCafe.com.

Hall Passes/Excusal from Class

Students are expected to be in classrooms or designated locations at all times to ensure their safety and appropriate supervision by staff. Time in classrooms is integral for teaching and learning; therefore, students should minimize their time out of classrooms. When circumstances arise that result in a need to leave a classroom or designated location, students must have a valid hall pass authorized by a staff member. Students are not permitted in the halls during class or lunch for any reason unless they have a valid hall pass. Teachers will exercise discretion when authorizing passes and will limit hall passes to no more than one student out of class at a time.

Students will utilize e-Hallpass on their iPad, an online hall pass system. In addition to the teacher’s classroom procedure for students to use a hall pass, e-Hallpass will be used as follows:

- The student will use their network credentials to login to e-Hallpass at www.e-hallpass.com/login on their iPad. A dedicated app for e-Hallpass is expected to be available during the school year.
- The student will create the electronic pass.
- The teacher will activate the pass with their secure password on the student’s iPad, on the teacher’s iPad (after logging into their e-Hallpass account), or on the teacher’s desktop or laptop (after logging into their e-Hallpass account).
- Teachers will be responsible for closing or ending passes with their secure password when students return from their destination.

Students should be aware that the administration will have the ability to track active hall passes, as well as the number, frequency, and duration of passes for all students.

Teachers will be issued paper emergency passes to be used in the event of Internet loss or other technology issues.

Library

Classes visit the library to take part in information literacy and inquiry-based activities such as book selection, research projects, and use of technology equipment. With teacher permission, a valid hall pass, and a clear goal in mind, students may also visit the library independently. Upon entrance, students must sign in and present a library staff member with a valid hall pass. Passes from classrooms or lunch are valid for the assigned period only. Students must report to their next class when the bell rings or sign out if they need to return to class before the end of the period. Students who want to visit the library before the school day begins or during their lunch period should obtain a pass from a library staff member. Abuse of library policies may result in suspension of independent library usage privileges.

The library has a wide array of fiction, nonfiction, and reference books in print and more than thirty periodical subscriptions and newspapers. Videos, audio books, eReaders, and eBooks are also available for loan. Reference eBooks and subscription databases are accessible from the library website from school directly and from home with a password. Students have access

to twenty-five computers on the library floor, a collection of iPads for in-library use, printing, scanning, and the library classroom computer lab. All library technology services are subject to the OAHS Acceptable Use Policy.

The loan period for fiction, nonfiction, audio books and eReaders is three weeks. DVDs circulate for one week and reference books are available for overnight loan. Magazines and newspapers are for library use only. Lost or damaged materials must be replaced by the borrower. If lost material is recovered, the borrower will receive a refund. Students who are habitually delinquent with materials may have their borrowing privileges suspended until obligations have been met.

Lost and Found

Any item found, such as jewelry, glasses and clothing must be turned in at the main office. Students are requested to check the office to claim any item they may have lost. Periodically, items turned in are donated to charity.

Student Assistance Program

The Student Assistance Program (SAP) consists of faculty and staff trained to identify issues that may pose a barrier to a student's academic success. Concerns related to health, attendance, mental health, academics, and substance abuse are addressed in a confidential manner. A student may go to any team member for help with concerns about him/herself, a family member, or a friend.

Student Parking

Students in grades 10, 11, and 12 who are of legal driving age may apply for a parking permit, with priority being given to upper classmen. Students must complete a parking application and present proof of vehicle ownership, proof of insurance, and a valid Pennsylvania driver's license to be issued a parking permit.

A parking fee of **\$50** per school year must be paid at the time of completing your application and presenting required documentation. A parking permit is good only for the registered vehicle.

Once a parking permit is issued, it must be displayed inside the vehicle at all times. Students are not permitted in the parking lot or to visit their vehicles during the day unless given permission by an administrator and escorted by a staff member.

Students with a parking permit may park in the designated student parking lots on a first come, first served basis.

- Seniors will be eligible to park in a designated student lot in parking spots numbered 1-145.
- Sophomores and Juniors will be eligible to park in designated student lots in parking spots numbered 146-258.
- Vehicles must be parked within a single, lined, and numbered parking spot in the appropriate parking lot. Student parking in staff, reserved, visitor or un-numbered spaces is prohibited.

Students who drive a vehicle to school and park on school grounds without a parking permit, or those who commit driving or parking violations, will be subject to the following consequences:

1st offense – Student will be provided with a warning. A written notice will be placed on the vehicle informing the student that they need to properly register their vehicle and pay the parking fee as described above.

2nd offense – Student will be assigned a Saturday Detention. Students will be provided with written notice that they need to properly register their vehicle and pay the parking fee as described above.

3rd offense and subsequent offenses – The vehicle will be towed at the owner's expense. If the vehicle is unable to be towed during the school day, a parking boot may be put on the vehicle until such time that the vehicle can be towed, or the student has properly registered their vehicle and paid the parking fee as described above. Students will be issued a one-day suspension.

Driving to school and using student parking is a privilege and a convenience to the student. Students who commit driving or parking violations are excessively late or absent due to their driving privilege, and/or commit multiple disciplinary offenses may have their driving and parking privilege suspended. Continual violations may result in having a student's driving and parking privilege revoked. Students who have their driving and parking privilege suspended or revoked will be required to utilize other means to arrive at school, including riding the bus if students are eligible. Students who have outstanding school obligations may be denied a parking permit

STUDENT ACTIVITIES

Absences and Participation in School Activities

Students must be in school on the day of an activity, or they will not be able to attend. This includes, but is not limited to: dances, band concerts, plays, talent shows, sporting events, and extra-curricular activities. Students must have a minimum of a half day of attendance for participation eligibility. It is expected that students will be in attendance on the next school day following an activity or sporting event.

After school activities are an extension of the regular school day. School rules apply to these activities. Students must have prior permission to stay after school on that day. Detentions may not be postponed due to extra-curricular activities without the prior approval of an administrator or person assigning the detention.

All OAHS students that participate in student activities should receive a contract at the start of the activity. The contract details student and teacher/coach/director's responsibilities and expectations. Students participating in extracurricular activities are subject to the rules and regulations in effect during normal school hours. **All policies regarding conduct and behavior will be strictly enforced during and after school.**

Dances and School Functions

Students attending dances and school functions are subject to all rules and regulations in effect during normal school hours. All policies regarding conduct and behavior will be strictly enforced. All OAHS students who are in good standing will be eligible to attend school sponsored dances and school functions.

Students are permitted to bring guests, defined as people who do not attend OAHS, within the following guidelines:

1. A guest permission form must be completed and submitted to administration for approval.
2. Approval is required by administration before a ticket for a guest can be purchased. When approved, the form will be returned to the OAHS student making the request.
3. Guests must be accompanied at all times by the OAHS student requesting permission for the guest to attend.
4. Guests will be required to provide identification and/or proof of age prior to and upon entrance to the event.
5. Guests must follow all OAHS rules, regulations, policies, and procedures. OAHS students are responsible for informing their guests and ensuring their compliance.
6. Students who have not reached high school age are not permitted to attend OAHS sponsored dances.
7. Individuals who are 21 years of age or older are not permitted to OAHS sponsored dances without prior approval from administration.
8. One guest per student.

Guest permission forms will be available in the main office prior to the event. The form must be submitted for approval by the announced date.

- Junior Prom and Senior Prom will follow all guidelines for dances, with the exception of extended hours.
- Students must arrive within one hour of the scheduled starting time of the dance.
- Students will be permitted to leave 60 minutes before the scheduled ending time of the dance.
- When Junior Prom or Senior Prom is held off campus with extended hours, students will be permitted to leave one hour before the scheduled ending time of the dance.
- Once students leave the dance, they will not be allowed to return to the event or remain on school property or the off-site venue property.

Adult chaperones or advisors may deny admittance or request the removal of anyone not in compliance with established policies/dress code.

Field trips

All field trips will require academic eligibility. If a student is failing two or more courses, then they will not be permitted to attend the field trip. This also applies to field trips that are scheduled through any of our partnership programs (TCHS, OHSPSA, AFJROTC, etc..).

Class Officer Elections

Class officers are students who are elected by their peers to serve their classes. Each class elects a president, vice-president, secretary, treasurer, and a historian to serve a one-year term. Each class may also elect a parliamentarian. Incoming freshman class elections will be held during the first marking period. All other classes will hold elections during the fourth marking period. To be a candidate for office, a student must complete a nominating form and obtain the required student and faculty signatures. Class advisors will oversee the elections and a simple majority of votes will determine the winners. Every officer is held to a higher standard; therefore, as a representative of his/her class, an officer who receives discipline action may be removed from office.

Class Officer Eligibility

1. All elected Student Officers shall be members of the class in which they serve.
2. All elected Student Officers shall participate in the planning and attend all fundraisers and events as planned by their class.
3. All elected Student Officers cannot have two or more failures at any given time while serving office.
4. All elected Student Officers must attend all meetings during their elected year of service.
5. Any elected Student Officer who no longer complies with any one of the Eligibility rules and/or commits an act in violation of the Oxford Area High School Conduct Code is subject to removal from office without replacement by judgment of Advisor and Building Principal.
6. If a student is removed from office they must abstain from elections for one year.

Student Council

Student Council is an organization whose main purpose is to be of service to the students and to the school. Each year the council raises money through various activities. The council either donates money to the school or purchases supplies/equipment for the school. The council members will sponsor spirit week and act as a liaison between the administration and the students. Students who serve on Student Council may also be elected to a class office.

National Honor Society

The National Honor Society is sponsored by the National Association of Secondary School Principals and was first organized in 1921. Membership in the National Honor Society has become recognized nationally as one of the highest honors that can be bestowed upon a high school student.

National Honor Society recognizes students for scholarship, leadership, service, and character. Membership is by invitation to Juniors and Seniors who have at least a 3.5 cumulative GPA and are recommended by the NHS faculty council. Invitations are mailed in September to all students who have at least a 3.5 cumulative GPA at the end of their sophomore or junior years to submit further material supporting membership, which can be found at the Oxford website at www.oxfordasd.org and select Oxford Area High School > Activities>National Honor Society. The supporting material must provide evidence that the student is actively involved in school and community activities and demonstrates leadership. All decisions of the faculty council are final and not subject to appeal.

National Honor Society meets together at least once per month (more if necessary); other communication is facilitated through email, social media, and the Oxford website at www.oxfordasd.org and select Oxford Area High School > Activities>National

Honor Society. Members are required to perform a minimum of 15 hours of service each semester; at least 5 hours of which must be for community service and at least 5 hours of which must be for school service. Members are expected to attend all meetings, maintain their cumulative weighted GPA of 3.5 or above and uphold the standards of scholarship, leadership, service, and character.

Clubs and Organizations

Students wishing to form a new club or organization should submit a written request through administration. ATHLETICS

Oxford Area High School is a member of the Pennsylvania Interscholastic Athletic Association (PIAA) and the Ches-Mont Athletic League. We embrace all of their beliefs and values related to our high school athletic programs.

An appropriate high school athletic program helps to build citizenship, responsibility, cooperation, and skills in leadership. By promoting interscholastic athletic programs that foster an environment rich in opportunity, these goals can be reached, and a pattern encouraging life-long fitness can be established. It is extremely important for the coaches to maintain a positive climate while providing appropriate adult leadership and support to student/athletes. Coaches should take pride in providing an enjoyable, vigorous, safe athletic program.

A participation fee of **\$75** for each sport or season of participation is required prior to the first competition. No refunds will be given after the first competition.

Athletics Handbook

All OAHS athletes should receive an athletics handbook at the start of the season. The handbook details athlete and coach responsibilities and expectations. The handbook contains more detail than what is included in these pages. Anyone wishing to review the athletics handbook should contact the athletic director or visit the school website.

Athletic Eligibility

In compliance with Article IX of the PIAA bylaws, students must carry a minimum of four credits in order to participate in our interscholastic sports program. Students who earn two failing grades during the week will be ineligible to participate in such contests the following week. Any student earning two failing grades at the end of a grading period or as final grades at the end of the school year will be ineligible to participate for 15 school days following the issuance of the report card. Attendance also affects a student's eligibility. Any student who is absent from school for more than 20 school days a semester must be in attendance for 60 days following the 20th day of absence before he/she may participate in interscholastic contests. Individual coaches will establish rules concerning practice during the period of ineligibility and conditions upon which an athlete may or may not return after the period of ineligibility. Students must have a minimum of a half day of attendance for daily participation eligibility.

Regulations for Spectator Decorum

1. PIAA rules prohibit the use of banners and noisemakers.
2. CHESMONT and OAHS passes will not be honored after the doors have been closed due to a sell-out.
3. Ticket sales stop immediately after half time of the varsity game.
4. Anyone leaving the building may not return.
5. Food may be purchased at half time and between games only.

6. The purchase of a ticket is not a license to act disrespectfully to players, officials or other spectators. Violators may be dismissed from the area of competition for the contest during which the violation occurs and for future activities.

Sports Physicals

Students may not practice or participate in any scrimmages or contests until they have on file with the school a complete physical as described below. The Pennsylvania Interscholastic Athletic Association (PIAA) requires one (1) complete physical examination performed by a doctor, nurse practitioner, or physician's assistant before his/her sports season's first day of practice.

Physical exams for fall sports shall be done AFTER June 1st. Specific rules and information are available at www.piaa.org.

It is the STUDENT'S responsibility to have the completed physical and submit the paperwork signed by a parent and returned to the school nurse PRIOR to the date of participation. A student may receive a re-certification physical by the school district in order to give him/her the opportunity to participate in more than one sport season without having the full cost of multiple physicals.

ATTENDANCE

POLICY 5150 Excuses for Absences

- A. It shall be the duty of each school principal to vigorously enforce and strictly interpret the compulsory attendance laws as stated in the Pennsylvania School Code.
- B. Every day of student absence shall be explained by a written note from the student's parent or guardian. Principals have the authority to require a written excuse from a physician in such cases as they deem necessary.

Failure to produce a required excuse within three (3) school days from the student's return to school may cause an absence to be considered "illegal."

If a student is denied school furnished transportation for disciplinary reasons, the compulsory attendance laws still apply and students who are absent because transportation is not furnished shall be considered illegally absent.

Attendance need not always be within the school facilities, but a student will be considered to be in attendance if present at any place where school is in session by authority of the Board, or the place where the student is receiving approved tutorial instruction or health care, or at a place where the student is engaged in an approved and properly supervised work-student or career education program or at home when the student is receiving approved homebound instruction.

Tardy shall be defined as not being present for less than one-third (1/3) of the instructional time. Absent shall be defined as not being present for more than one-third (1/3) of the instructional time.

Students in their senior year who are in good standing academically, have excellent attendance, and have no discipline referrals may be granted permission to arrive late or leave early from school. This would only apply if they have a first or last period study hall.

- G. The Superintendent or designee shall develop procedure for the implementation of this policy. These procedures shall be made part of the building handbooks.

Guidelines

Students are expected to be in school unless excused for a lawful absence. After absences, it is the student's responsibility to complete all missed work. Students who will be absent should get their assignments from PARENT PORTAL or email their students teachers.

Students must have a minimum of a half day of attendance for participation eligibility. Failure to comply may result in suspension from future activities.

Steps to follow upon a return from an absence or when arriving tardy:

- The student must give written excuses that have been signed by a parent or legal guardian, stating the date, the number of days absent, reason for absence, and a phone number to verify the note to their homeroom teacher. **After 10 days of absence or tardy to school, a doctor's note is required to excuse the occurrence.**
- If a student returns to school after homeroom, he/she should report to the Main Office in order to present his/her excuse.
- Students who fail to bring an excused note within three days will be considered unexcused for the day of absence.

All excused (lawful) absences from school for temporary periods can be classified under the following reasons:

- Bona fide religious holiday
- Tutorial work in a field not offered in the district's curricula
- To obtain non-school professional health care
- Illness or other urgent reasons, such as funerals, impassable roads, quarantine. The term, "urgent reason" shall be strictly construed and shall not permit irregular attendance.
- Educational activity (See also policy 5160)
- Graduation preparations of not more than three days.
- Work Study Programs

Students receiving homebound instruction are counted as present.

Unlawful Absences

If a student fails to attend school and his/her absence is determined to be unexcused (unlawful), the following procedure will be followed:

Compulsory School Age Students—students below 18 years of age:

After one day of unlawful absence or its equivalent, parent will be notified in the form of a letter, email, and/or phone notification of the absence.

After a second day of unlawful absence or its equivalent, parent will be notified in the form of a letter, email, and/or phone notification of the absence.

After a third day of unlawful absence or its equivalent, the parent or guardian of a child will be notified within ten (10) school days of the child's third unexcused absence that the child has been "truant".

If the child continues to be truant and incurs additional absences after this notice has been issued, the school will offer the student and parent a school attendance improvement conference where a school attendance improvement plan (SAIP) will be created.

After 6 or more unexcused absences, a child is "habitually truant". The school will refer the child to an attendance improvement program and/or may file a citation against the student or the parent in magistrate court.

Noncompulsory School Age Students—students 18 years of age or older:

After one day of unlawful absence, parents will be notified in the form of a letter, email, and/or phone notification.

After a second day of unlawful absence, parents will be notified in the form of a letter, email, and/or phone notification.

After a third day, a parent conference will be requested. An unexcused absence beyond three days may be considered reason for withdrawal from school. Further attendance in school will require a decision from the principal and may require approval of the Superintendent and/or the Board of School Directors. Students shall be permitted to make up work missed when absent from school if the absence is excused. It is the responsibility of the student to see that missed work is made up.

20/35 Day Rule Procedures

When a student reaches twenty (20) days absent in a semester course or thirty-five (35) days absent in a full-year course, a letter will be generated, and parents will be notified. Any time a student misses a class; it counts as an absence toward the 20/35-day total. If a student is not in a class, the teacher should count the student absent. Each teacher must keep daily class attendance. Parents should monitor attendance using the Parent Portal system and contact the attendance secretary if there are questions. This system has several checks and balances, which will ensure that all students are receiving letters in a timely manner.

There is an appeal process available to parents and students. The administration, in coordination with the teacher, will review individual cases to determine if there are circumstances that merit waivers to be extended. All teachers must follow this procedure and allow the appeal process to be the student's or the parent's remedy for cases that are worthy. If the teacher feels that the student should not fail, the teacher has the opportunity to influence the principal's decision.

Early Dismissal

Students requiring early dismissal from school must present a note to the attendance secretary that is signed by a parent or legal guardian and indicates the date and time to be dismissed, a phone number to verify the note, and the reason for the early dismissal. **Students who are 18 are still required to have parental permission to be granted early dismissal.** Students will receive an early dismissal slip from the attendance secretary to show teachers to be dismissed from class. Students must be signed out in the main office by a parent or guardian. ***Parents/guardians must show photo identification and physically come into the building to sign students out for an early dismissal.*** If returning to school before the end of the day, the student must "sign in" in the main office. The administration reserves the right to check the legitimacy of early dismissal notes or to deny early dismissal for reasons not considered consistent with general district guidelines on attendance and absence from school. Students may be required to submit a doctor's/dentist's note upon returning from those appointments.

Late to School

- Students not in their homeroom by 7:39 a.m. will be considered tardy to school.
- Students will report directly to homeroom when arriving to school between 7:39 a.m. to 7:45 a.m.
- Students will report to the main office when arriving after homeroom.
- Accommodations will be made for students arriving on late buses.
- **Students reporting to school after 9:50 a.m. will have their daily attendance marked as a full day absence.**
- **Examples of Excused Lateness:** Illness, medical or dental appointment, death of family member or friend of the family, counseling and/or court appointments.
- **Examples of Unexcused Lateness:** Missed the bus, overslept, car trouble, ride came late, etc.

Late to Class

- Tardiness is a disruption to the educational process.
- Teachers are to be aware of students arriving late to class and determine the reason for tardiness.
- If the teacher determines that the tardiness is unexcused, they will follow the responses described in the Code of Conduct under Level I – Lateness to Class.
- If a student is unexcused tardy to class for more than 1/3 instructional time, the student will be marked with an unexcused absence from the class, which should be referred to the administration for truancy.

Leaving School Grounds

Once on school property, a student may not leave without parental and administrative approval. Parental requests shall be written, unless approved by an administrator. No student may leave the campus during the hours between his/her arrival and his/her approved departure time except by administrative approval. **No students are permitted to visit their automobile without permission from the school administration.**

Make-up Work

- Students are allowed to make up any work missed due to any absence.
- Students should contact their teachers to get missed assignments.
- Students will have the same amount of time as they were absent to submit missed work.
- In instances where a student is absent for a long-term illness, a doctor's note is required. In such cases students may be eligible for homebound instruction. Parents or guardians should check with the guidance office for information about homebound instruction.

Vacation/Trips

Students planning to miss school due to a vacation or trip must obtain prior administrative approval. A form for such absences must be obtained in the main office. The completed form must be returned to the office 5 school days prior to the absence. The student must carry the approved form to his/her teachers to request assignments. The student must make proper prior arrangements to avoid unexcused absences. When parents / students put in a request for an extended absence, ten days or longer, school administration will send the request to the superintendent's office. The superintendent's office will determine whether or not the student will remain on the rolls. If a student remains on the school rolls, he or she will be responsible to make up designated work and assessments in the same amount of days but not to exceed ten school days. A student who is not granted permission to stay on the rolls and absent more than 10 consecutive days must be withdrawn from school by a parent/guardian in the guidance office. The student may enroll upon return.

School Trips

Students attending school-sponsored activities where transportation is provided are required to use school-provided transportation to and from the activity. Special circumstances will be considered prior to activity on an individual basis.

Policy 5160 - EXCUSED ABSENCES

It shall be the policy of the Oxford Area School District that principals may honor the advance written request from a parent or guardian to have their child participate in an activity of an educational nature during school hours. Students given permission to participate will be considered as having an excused absence.

Approval of such absences for education purposes shall be guided by the following:

- A. A sum total of five (5) days during any given school year will be allowed for a family educational trip (s), with pre-approval from the building principal.
- B. The purpose, itinerary, and supportive educational aspects must be clearly explained for justifying such an experience beyond the classroom. Failure to provide an explanation of the educational value of the trip will result in the request being denied.
- C. Written requests for such absences must be submitted one week in advance of the requested days of absence.
- D. All assignments and work missed must be made up at the discretion of the teacher. The student is responsible for securing the assignments and work to be made up from the teacher.

CODE OF CONDUCT

Introduction

School rules come from many sources, including State Law, Board of Education Policy, and District Guidelines and Regulations. The aim of the Code of Conduct is to provide personnel, parents, students, and other members of the community with a clear understanding of violations of those rules and the resulting disciplinary actions. The following pages list, categorize and define certain violations that disrupt the school environment and the instructional process, and specify disciplinary actions that may be taken by the school administrator. A major consideration of the Student Code of Conduct is to identify appropriate

disciplinary actions to bring about positive student behavior. The severity and frequency of the misbehavior are considered in defining appropriate disciplinary action. While administrative personnel bear the major responsibility for effectively carrying out the discipline policies, the entire staff plays a vital role in resolving problems influencing student behavior. The principal or designee shall conduct such an investigation as is reasonable under the circumstances to confirm that the charged offense has, in fact, been committed. The Code of Conduct is in compliance with Chapter 12 regulations of the Pennsylvania Public School Code.

When is the Code in Force?

The code is in force:

- On school property prior to, during, and following regular school hours when school is in session or when school activities are in operation.
- While students are on the school bus for any purpose.
- At all school-sponsored events and other activities where school administrators or other school personnel have jurisdiction over students.
- While students are traveling to or from school and their behavior has a harmful effect on the other students or on the orderly educational process.

That portion of the Code that protects school buildings and grounds is always in force.

PARENTS' GUIDE TO THE STUDENT CODE OF CONDUCT

Oxford Area High School is committed to ensuring that all students are learning in a safe and nurturing environment. To this end, policies are enforced in a fair and consistent manner. We have developed a Student Code of Conduct to serve as a disciplinary framework and support all behavioral and discipline policies, as well as Chapter 12 and other applicable state laws and policies.

All students are expected to be aware of and abide by this Student Code of Conduct. Parents are asked to read this Student Code of Conduct carefully and discuss the information with their children. It takes all of us—school staff, parents, and students—working together, to create and maintain a safe and nurturing environment that is conducive to learning for all children.

Disciplinary action may also be taken for off-campus incidents if the action disrupts educational or administrative activity on the campus.

Loss of credit for assignment or course may be appropriate in addition to any of the consequences below.

Restitution for loss or damage may be requested in addition to any of the consequences below.

Where appropriate, law enforcement officials will be involved.

Response to behaviors: The professional staff at a school has the responsibility for taking appropriate actions when a student is involved in a situation which disrupts the learning environment of a school. When determining the consequences, they take the following into consideration:

- 1) The severity of the incident.
- 2) A student's previous violations and/or consequences for the same or a related offense.
- 3) If the offense interfered with the responsibility/rights/privileges/property of others.
- 4) If the offense posed a threat to the health or safety of others.
- 5) If the student has an Individualized Education Plan or a 504 Plan.
- 6) The logical relationship between the offense and the consequence.

No student shall interfere with the normal conduct of activities on school premises by exhibiting, using or threatening the use of any weapon or dangerous instrument, or any item resembling a weapon or dangerous instrument. Any student violating this policy shall be subject to disciplinary action up to and including expulsion from school.

Unless otherwise stipulated, expulsion from school for violation of this policy shall be for a period of time not less than one (1) year. In those cases where the violation of this policy involves a student with a defined disability, enforcement of this policy shall be consistent with all applicable state and federal laws, regulations, or guidelines. The Superintendent of Schools shall establish procedures and guidelines for the implementation and enforcement of this policy. These procedures and guidelines shall include provisions for implementation, which take into consideration the age and grade level of the student, and those cases of violations of this policy involving students with disabilities. The Superintendent shall be allowed to modify any disciplinary requirement, including expulsion, for violation of this policy by a student, on a case-by-case basis in those instances where the possession of a weapon in school requires expulsion from school for a period of time consistent with state or federal law.

CHAPTER 12 REGULATIONS

Introduction

Self-discipline is the ideal. In the event that the student does not follow that ideal, the Oxford Area School Board has the authority to make reasonable and necessary rules governing the conduct of students in school, as provided by section 1317 of the School Code of the Commonwealth of Pennsylvania: Authority of Teachers, Vice Principals and Principals over Pupils.

- Faculty and administration should know and respect student rights.
- Students should respect the rights of faculty and administration.
- Students must obtain permission for activities and/or requests not covered, specifically in the handbook.
- Students involved in school activities with faculty supervision shall have access to the building until 3:00 p.m. when school is in session.
- Students have a right to confidentiality concerning their personal, social, and emotional development.
- A student may be elected by the student body as a non-voting member of the school board.
- **Chapter 12** includes information about student responsibilities, school rules, discrimination, corporal punishment, suspension and expulsion, hearings, freedom of expression, the Pledge of Allegiance, hair and dress, confidential communications, searches, and student records.
- The Oxford Area School Board adopts Chapter 12: Student Rights and Responsibilities Regulations of the State Board of Education of Pennsylvania approved September 13, 1974; Section 12.31 and 12.32 approved July 14, 1974 and amended July 15, 1977; Chapter amended March 10, 1983 – effective February 18, 1984.

§ 12.1. Free education and attendance.

(a) All persons residing in this Commonwealth between the ages of 6 and 21 years are entitled to a free and full education in the commonwealth's public schools.

(b) Parents or guardians of all children between the ages of 8 and 17 are required by the compulsory attendance law to ensure that their children attend an approved educational institution, unless legally excused.

Students who have not graduated may not be asked to leave school merely because they have reached 17 years of age if they are fulfilling their responsibilities as students. A student may not be excluded from public schools or from extracurricular activities because:

- (1) The student is married.
- (2) The student is pregnant.
- (3) The student has a disability as identified by Chapter 15 (relating to protected handicapped students).
- (4) The student is an eligible student identified under Chapter 14 (relating to special education services and programs).

§ 12.2. Student responsibilities.

(a) Student responsibilities include regular school attendance, conscientious effort in classroom work and homework, and conformance to school rules and regulations. Most of all, students are responsible to share with the administration and faculty a responsibility to develop a climate within the school that is conducive to wholesome learning and living.

(b) No student has the right to interfere with the education of fellow students. It is the responsibility of each student to respect the rights of teachers, students, administrators, and all others who are involved in the educational process.

(c) Students should express their ideas and opinions in a respectful manner.

(d) It is the responsibility of the students to conform to the following:

- (1) Be aware of all rules and regulations for student behavior and conduct themselves in accordance with them. Students should assume that, until a rule is waived, altered, or repealed in writing, it is in effect.
- (2) Volunteer information in matters relating to the health, safety and welfare of the school community and the protection of school property.
- (3) Dress and groom to meet standards of safety and health, and not to cause substantial disruption to the educational processes.
- (4) Assist the school staff in operating a safe school for the students enrolled therein.
- (5) Comply with Commonwealth and local laws.
- (6) Exercise proper care when using public facilities and equipment.
- 7) Attend school daily and be on time at all classes and other school functions.
- (8) Make up work when absent from school.
- (9) Pursue and attempt to complete satisfactorily the courses of study prescribed by local school authorities.
- (10) Report accurately in student media.
- (11) Not use obscene language in student media or on school premises.

§ 12.3. School rules.

- (a) The governing board has the authority to make reasonable and necessary rules governing the conduct of students in school. The rulemaking power, however, is not unlimited; it must operate within statutory and constitutional restraints. A governing board has only those powers that are enumerated in the statutes of the Commonwealth, or that may reasonably be implied or necessary for the orderly operation of the school.
- (b) Governing boards may not make rules that are arbitrary, capricious, discriminatory or outside their grant of authority from the General Assembly. A rule is generally considered reasonable if it uses a rational means of accomplishing some legitimate school purpose.
- (c) Each governing board shall adopt a code of student conduct that includes policies governing student discipline and a listing of students' rights and responsibilities as outlined in this chapter.

This conduct code shall be published and distributed to students and parents or guardians. Copies of the code shall also be available in each school library.

§ 12.4. Discrimination.

Consistent with the Pennsylvania Human Relations Act (43 P. S. §§ 951—963), a student may not be denied access to a free and full public education, nor may a student be subject to disciplinary action on account of race, sex, color, religion, sexual orientation, national origin, or disability.

§ 12.5. Corporal punishment.

- (a) Corporal punishment is defined as physically punishing a student for an infraction of the discipline policy. Use of corporal punishment is prohibited.
- (b) Teachers and school authorities may use reasonable force under the following circumstances:

- (1) To quell a disturbance.
- (2) To obtain possession of weapons or other dangerous objects.
- (3) For the purpose of self-defense.
- (4) For the protection of persons or property.

§ 12.6. Exclusions from school.

(a) The governing board shall define and publish the types of offenses that would lead to exclusion from school. Exclusions affecting certain students with disabilities shall be governed by § 14.143 (relating to disciplinary placements) and 34 CFR 300.519—300.529 (relating to discipline procedures).

(b) Exclusion from school may take the form of suspension or expulsion.

(1) Suspension is exclusion from school for a period of from 1 to 10 consecutive school days.

(i) Suspensions may be given by the principal or person in charge of the public school.

(ii) A student may not be suspended until the student has been informed of the reasons for the suspension and given an opportunity to respond. Prior notice of the intended suspension need not be given when it is clear that the health, safety or welfare of the school community is threatened.

(iii) The parents or guardians and the superintendent of the district shall be notified immediately in writing when the student is suspended.

(iv) When the suspension exceeds 3 school days, the student and parent

shall be given the opportunity for an informal hearing consistent with the requirements in § 12.8(c) (relating to hearings).

(v) Suspensions may not be made to run consecutively beyond the 10 school day period.

(vi) Students shall have the responsibility to make up exams and work missed while being disciplined by suspension and shall be permitted to complete these assignments within guidelines established by the governing board.

(2) Expulsion is exclusion from school by the governing board for a period exceeding 10 school days and may be permanent expulsion from the school rolls. Expulsions require a prior formal hearing under § 12.8.

(c) During the period prior to the hearing and decision of the governing board in an expulsion case, the student shall be placed in his normal class except as set forth in subsection.

(d) If it is determined after an informal hearing that a student's presence in his normal class would constitute a threat to the health, safety or welfare of others and it is not possible to hold a formal hearing within the period of a suspension, the student may be excluded from school for more than 10 school days. A student may not be excluded from school for longer than 15 school days without a formal hearing unless mutually agreed upon by both parties. Any student so excluded shall be provided with alternative education, which may include home study.

(e) Students who are under 17 years of age are still subject to the compulsory school attendance law even though expelled and shall be provided an education.

(1) The initial responsibility for providing the required education rests with the student's parents or guardian, through placement in another school, tutorial or correspondence study, or another educational program approved by the district's superintendent.

(2) Within 30 days of action by the governing board, the parents or guardians shall submit to the school district written evidence that the required education is being provided as described in paragraph (1) or that they are unable to do so. If the parents or guardians are unable to provide the required education, the school entity shall, within 10 days of receipt of the notification, make provision for the student's education. A student with a disability shall be provided educational services as required by the Individuals with Disabilities Education Act (20 U.S.C.A. §§ 1400—1482).

(3) If the approved educational program is not complied with, the school entity may act in accordance with 42 Pa.C.S. Chapter 63 (relating to the Juvenile Act) to ensure that the child will receive a proper education. See § 12.1(b) (relating to free education and attendance).

§ 12.7. Exclusion from classes—in-school suspension.

(a) A student may not receive an in-school suspension unless the student has been informed of the reasons for the suspension and has been given an opportunity to respond before the suspension becomes effective.

(b) Communication to the parents or guardian shall follow the suspension action taken by the school.

(c) When the in-school suspension exceeds 10 consecutive school days, an informal hearing with the principal shall be offered to the student and the student's parent or guardian prior to the 11th school day in accordance with the procedures in § 12.8 (relating to hearings).

(d) The student's school entity has the responsibility to make provision for the student's education during the period of the in-school suspension.

§ 12.8. Hearings.

(a) *General.* Education is a statutory right, and students shall be afforded due process if they are to be excluded from school. In a case involving a possible expulsion, the student is entitled to a formal hearing.

(b) *Formal hearings.* A formal hearing is required in all expulsion actions. This hearing may be held before the governing board or an authorized committee of the board, or a qualified hearing examiner appointed by the board.
