However, you are still encouraged to fill out Free/Reduced Meal Applications in order to receive additional benefits that may be offered through outside sources. Application forms are available at [www.oxfordasd.org](http://www.oxfordasd.org) . On the website, select Departments and then choose Food and Health Services.

Items can still be purchased A La Carte or separate from the “meal” for an additional cost. We strongly encourage you to add money to your child’s School Café account. You can use the link on the district website or go to [www.SchoolCafe.com](http://www.SchoolCafe.com) .

### **Building Evacuation**

During both fire and severe weather alert drills, students will be under direction of their teacher. In the interest of safety, all directions must be followed in an orderly and timely fashion. All students are required to report to their homeroom teachers at their designated locations at the athletic fields behind Penn’s Grove during fire drills. Failure to do so may result in disciplinary action.

### **Staying after School**

If you are staying after school, you must gain parent and teacher permission prior to the date. The teacher must know ahead of time that you are staying. Unsupervised activity may result in disciplinary action. If you are staying for athletics, club meetings, the school newspaper, student council activities, or music rehearsals, listen carefully to announcements to make sure that there are no schedule changes.

### **Contacting Students during the School Day**

From time to time, parents, guardians or other family members may need to contact their child during the school day. **Do not contact your child on his or her electronic device during the school day.** These items are not to be turned on in the building. If there is an emergency, contact the main office and we will assist you. **All contacts with students must be made through the main office.**

### **Visitors**

All visitors must enter the building through the main office. All visitors must sign in and present photo ID to receive a visitor badge. ***Students may not have friends or relatives visit and/or spend the day with them at school.*** Unless authorized by the building administration, visitors may not remain on school property or in the vicinity of the buildings. Anyone on school property without the approval of the administration will be considered a trespasser, subject to removal by the police.

### **Closings: School Emergency**

Oxford Area School District provides information concerning school closings on the district website and using School Messenger phone and email notifications. Announcements concerning school closings will also be given to the following:

Television:

CBS 3 Philadelphia

6ABC Philadelphia

Radio:

KYW-AM 1060 Philadelphia (School Code 858)

WCOJ-AM 1420 Coatesville

### **School Messenger**

We utilize the *School Messenger* service which will allow us to send a telephone message, e-mail message, and text message to parents providing important information about school events or emergencies. School Messenger will be used to notify you of school delays or cancellations due to inclement weather. In addition, it will remind you about various events including report card notifications, open houses, field trips, and more. In the event of an emergency at school, you can have peace of mind knowing that you will be informed immediately by phone.

#### **What you need to know about receiving calls sent through School Messenger:**

- Caller ID will display the school's main number when general announcement is delivered.
- School Messenger will leave a message on any answering machine or voicemail.
- Pressing \*1 will replay the message from the beginning.

The successful delivery of information is dependent upon accurate contact information for each student so please make certain that we have your most current phone numbers and email address. If this information changes during the year, please let the school know immediately.

### **Textbooks & School Supplies**

Students are expected to have a pen, pencil, binders, paper, and iPad. A list will be provided by the team as to additional materials needed. Textbooks and iPads, including charges and cases, are expected to be returned to teachers at the end of the year in the same condition in which they were issued. Students are responsible for maintaining the condition of the iPad, including cases and chargers and textbooks. If students should lose their book or iPad, they should notify the school secretary. Students will be issued another book by the office until their lost book is found. If it is not found, students will be responsible for paying to have the book or iPad replaced. Failure to pay any outstanding obligations for lost or damaged instructional materials may result in students being unable to participate in extra-curricular activities, as per policy #5720.

### **21<sup>st</sup> Century Learning Initiative**

Under the 21<sup>st</sup> Century Learning Initiative, all students enrolled in grades 7-8 will receive an iPad (with some preinstalled apps), charger, and protective carrying case for use both in school and at home. This equipment is the property of the Oxford Area School District and is on loan to the student for the current academic school year. The purpose of providing students with technology on a one student-to-one device ratio is to achieve the goal of enhancing teaching and learning by utilizing online and digital resources and by delivering opportunities for students to learn in a technology-based mode with which they are comfortable and familiar.

Students and parents must sign and return the Acceptable Use Agreement, the Equipment Loan Agreement, and pay a technology fee annually. To view the agreement documents and read more information about this initiative, please visit the high school and district websites.

### **Library**

The purpose of the library is to serve students and teachers by providing books, eReaders, and eBooks, magazines, and other materials, which may be useful for the various courses offered in the school. The library will also give personal service to those who want information concerning those materials as well as to promote better reading habits.

Students coming to the library must have an agenda/hall pass to be admitted. Scheduled classes have first priority for library use.

Lost or damaged books should be paid for promptly. The charge for a lost or damaged book will be the amount necessary to replace the book. If a lost book is recovered, the borrower will receive a refund. Students who are habitually delinquent on returning materials may have their borrowing privileges suspended until they have met their obligations. **There is a fine of \$.05 a day levied on all overdue materials.** Unresolved fines may prevent participation in any extra-curricular activities.

### **Lost and Found**

Any item found, such as jewelry, glasses and clothing must be turned in to the main office. Students are requested to check the office to claim any item they may have lost. Periodically, items turned in are donated to charity.

### **Working Papers**

The state allows students fourteen years and older to work at certain jobs. If a student is interested in working and needs an employee permit, this can be obtained from the Oxford Area High School front office secretary. The student must have the promise of a job in the state of PA before the application for working papers will be issued. Students/parents desiring to obtain working papers should contact the Oxford Area High front office secretary at 610-932-6642 to schedule an appointment. Information on working papers can be found on the OAHS website ([www.oxfordasd.org](http://www.oxfordasd.org)) as well. Students wishing to obtain working papers for a job outside of PA must contact that state's labor department.

### **Class Trips**

Students on school probation due to behavior may not participate on field trips. Any parent/guardian who would like chaperone must have all their clearances to District Office and approved by the School Board, prior to the trip. All field trips will require academic eligibility. If a student is failing two or more courses then they may not be permitted to attend the field trip.

### **Parent/Teacher Organization**

The Oxford PTO is the parent organization for all the schools in the district. The purpose of the PTO is to improve communication between the home and schools, to provide support for school programs, and to encourage parent involvement in the education of our children. The PTO meetings are held monthly, as announced in the school and PTO newsletters. At the middle school level, parent volunteers are always needed. Parents and community members are encouraged to become active members and support this worthwhile organization and its programs.

### **School Pictures**

Each fall and spring, a commercial photographer takes pictures of all students. Students who wish to purchase pictures must pay for them in advance. Picture ID's will be issued in the fall and may be required for attending specific school functions (example: school dances). The school dress code still applies.

## GRADING AND COURSE INFORMATION

Student grades, assignments and other information are available through PARENT PORTAL online. Information regarding access to PARENT PORTAL is posted on the Penn's Grove website. PowerSchool login information will be given to students at the beginning of the year, and/or parents may contact the guidance office to get their student's login information. Grades can be viewed throughout the school year on PowerSchool. The final report card will be available through PowerSchool and a copy will be mailed home. Teachers will explain their grading procedures to students as part of their opening of school procedures and periodically review their practices with students throughout the year.

### The grading scale for Penn's Grove School:

A+	97-100
A	93-96
A-	90-92
B+	87-89
B	83-86
B-	80-82
C+	77-79
C	73-76
C-	70-72
D+	67-69
D	65-66
F	0-64

### 65 is the minimum passing grade.

A student who withdraws failing from a specific course will have this grade appear as a WF (50) on his/her cumulative record. The grade is also a factor in calculating a student's G.P.A.

### Marking period grades will be determined by the following percentages:

**70% - Performance Assessments** – Tests, quizzes, and skill-based performance measures

**20% - Formative Assessments** – Class work, in-class assignments, class participation, and other in-class measures

**Not more than 10% - Homework** - For classes where Homework will count less than 10%, the remaining percentage will be added to Performance Assessments.

### Student Academic Progress

Student grades, assignments and other information are available through PARENT PORTAL online. Information regarding access of PARENT PORTAL is posted on the Penn's Grove website.

Final grades in all subject areas are calculated by averaging the percentages of each marking period. Any average below 65 is considered "failing" (F). The numerical average is maintained in the teacher's grade book/ PowerSchool (e.g. cumulative average).

If a student's final grades are failures for two or more core subjects, then the student will be retained. Teachers will also contact parents regarding student progress when they feel a significant change in student performance (positive or negative) has occurred.

Parents are encouraged to contact their child's teacher(s) when they are concerned with their child's progress in a course.

Incomplete grades (I) need to be made up within two weeks into the new marking period. Incomplete assignments will automatically become an "F" after the two weeks. The only exception to this rule is if special arrangements were made with the teacher/guidance counselor.

If a student is absent for an illness or vacation, work should be requested ahead of time (if possible). The student is responsible for picking up any make-up work in the office. In the event of an illness, the student will receive one day to make up work for each day of absence. Students who take a vacation are expected to complete the required form for administrative approval. The form for such absences must be obtained in the main office. For students on vacation, work must be completed at the discretion of the teacher. Special arrangements can be made to make up labs, quizzes, and tests.

If a student is suspended from school, he or she will have the same amount of time to make up assignments as he or she was suspended or the grade will become a failure for those assignments. The student is responsible for picking up any make-up work in the office. Arrangements should be made with the teacher to make-up any tests upon the student's return to school.

### Grade Point Average

Grade point average (G.P.A.) is cumulative and is computed at the end of each marking period. Grade point averages are calculated on a weighted 4.0 scale according to the following table:

Letter Grade:	Numeric Range:	Middle School Course	Advanced Middle School Course: Geometry, Algebra I, Spanish I. Gifted Seminar
A+	100	4.5	4.75

**Grade Point Average is calculated using the following steps:**

1. Each grade is assigned a numeric value according to the table on the previous page.
2. Multiply the GPA value for each course by the credit value of that course to obtain the quality points.
3. Total the credit value for all the courses and total the quality points for all the courses.
4. Divide the total quality points by the total credits to arrive at the grade point average. Power School calculates GPA automatically at the conclusion of each marking period.

**Honor Roll**

Honor roll recognizes outstanding academic performance. Students will be recognized for their achievement at the end of each semester as follows:

Placement on the honor roll is based on the marking period grade point average, according to the table above

<b>Distinguished Honor Roll</b>	A's in every subject
<b>Honor Roll</b>	No grades below a B

**Retention**

Prior to consideration of student retention, a team meeting will occur including teachers, principal, assistant principal and any/all remedial/guidance personnel in order to determine recommendations for promotion/retention. This determination will be made based on the following factors: individual student's needs, evaluation of student competencies in all academic areas as well as the child's maturity level. Recommendation for a psychological evaluation may be made if deemed appropriate by the team. Written notification of possible retention will be given to parents after the third marking period.

Any student who has failed two core subjects for the year (Language Arts, Mathematics, Social Science and Science) cannot be promoted to the next grade. Elective subjects (Art, Music, Health and Wellness, World Language, Spanish, Engineering, Family Consumer Science, Personal Computer Applications) will be factored into the decisions for promotion and retention. If a student has a total of 20 or more absences, a committee of teachers, administrators, and

guidance counselor will meet to determine if the student will be required to attend and pass summer school (if available) to be promoted to the next grade. Former retentions and Individual Educational Plans (IEP) are also factors to consider in compliance with district policy.

Any student who has failed **one** core subject (Language Arts, Mathematics, Science or Social Studies), will be required to attend and pass an accredited on-line middle school credit recovery course in the summer to be promoted. Parents are financially responsible for Summer School tuition.

exceptions concerning directory information which is noted below; to file with the U.S. Department of Education a complaint under Section 34 CFR Section 99.64 concerning alleged failures by the institution to comply with the requirements of the Act. The school district's policy concerning parents' and students' rights under this law is available at the Administration Building, 125 Bell Tower Lane, Oxford, PA 19363.

In addition to the above rights, FERPA provides that the school district may release certain information without the parent's written consent, unless a parent gives written notification to the school district not to release such information. The Oxford Area School District Board of Directors has determined that the following information is directory information:

Accordingly, if parents do not wish their child's directory information released as a part of the school district's public record, the parents must contact the building principal and give written notice of their objection to the release of directory information about their child. Post-secondary institutions and military recruiters shall have access to secondary students' names, addresses and telephone numbers, unless the student or parent requests that such information not be released without prior written parental consent.

- D. If a student is denied school furnished transportation for disciplinary reasons, the compulsory attendance laws still apply and students who are absent because transportation is not furnished shall be considered illegally absent.
- E. Attendance need not always be within the school facilities, but a student will be considered to be in attendance if present at any place where school is in session by authority of the Board, or the place where the student is receiving approved tutorial instruction or health care, or at a place where the student is engaged in an approved and properly supervised work-student or career education program or at home when the student is receiving approved homebound instruction.

- H. The Superintendent or designee shall develop procedure for the implementation of this policy. These procedures shall be made part of the building handbooks.

### Guidelines

Students are expected to be in school unless excused for a lawful absence. After absences, it is the student's responsibility to complete all missed work. Students who will be absent should get their assignments from their classes TEAMS pages or email their teachers.

**Students must have a minimum of a half day of attendance for participation eligibility. Failure to comply may result in suspension from future activities.**

### Steps to follow upon a return from an absence or when arriving tardy:

- The student must give written excuses that have been signed by a parent or legal guardian, stating the date, the number of days absent, reason for absence, and a phone number to verify the note to their homeroom teacher. **After 10 days of absence or tardy to school, a doctor's note is required to excuse the occurrence.**

- If a student returns to school after homeroom, he/she should report to the Main Office in order to present his/her excuse.
- Students who fail to bring an excused note within three days will be considered unexcused for the day of absence.

Students receiving homebound instruction are counted as present.

### **Unlawful Absences**

If a student fails to attend school and his/her absence is determined to be unexcused (unlawful), the following procedure will be followed:

#### **Compulsory School Age Students—students below 18 years of age:**

- After one day of unlawful absence or its equivalent, parent will be notified in the form of a letter, email, and/or phone notification of the absence.
- After a second day of unlawful absence or its equivalent, parent will be notified in the form of a letter, email, and/or phone notification of the absence.
- After a third day of unlawful absence or its equivalent, the parent or guardian of a child will be notified within ten (10) school days of the child's third unexcused absence that the child has been "truant".
- If the child continues to be truant and incurs additional absences after this notice has been issued, the school will offer the student and parent a school attendance improvement conference where a school attendance improvement plan (SAIP) will be created.
- After 6 or more unexcused absences, a child is "habitually truant". The school will refer the child to an attendance improvement program and/or may file a citation against the student or the parent in magistrate court.

#### **Noncompulsory School Age Students—students 18 years of age or older:**

- After one day of unlawful absence, parent will be notified in the form of a letter, email, and/or phone notification.
- After a second day of unlawful absence, parent will be notified in the form of a letter, email, and/or phone notification.
- After a third day, a parent conference will be requested. Unexcused absence beyond three days may be considered reason for withdrawal from school.

- Further attendance in school will require a decision from the principal and may require approval of the Superintendent and/or the Board of School Directors. Students shall be permitted to make up work missed when absent from school if the absence is excused. It is the responsibility of the student to see that missed work is made up.

### **20/35 Day Rule Procedures**

When a student reaches twenty (20) days absent in a semester course or thirty-five (35) days absent in a full-year course, a letter will be generated, and parents will be notified. Any time a student misses a class; it counts as an absence toward the 20/35-day total. If a student is not in a class, the teacher should count the student absent. Each teacher must keep daily class attendance. Parents should monitor attendance using the Parent Portal system and contact the attendance secretary if there are questions. This system has several checks and balances, which will ensure that all students are receiving letters in a timely manner.

There is an appeal process available to parents and students. The administration, in coordination with the teacher, will review individual cases to determine if there are circumstances that merit waivers to be extended. All teachers must follow this procedure and allow the appeal process to be the student's or the parent's remedy for cases that are worthy. If the teacher feels that the student should not fail, the teacher has the opportunity to influence the principal's decision.

### **Early Dismissal**

- Students requiring early dismissal from school must present a note to the attendance secretary that is signed by a parent or legal guardian and indicates the date and time to be dismissed, a phone number to verify the note, and the reason for the early dismissal.

## **CODE OF CONDUCT**

### **Introduction**

School rules come from many sources, including State Law, Board of Education Policy, and District Guidelines and Regulations. The aim of this chapter is to provide personnel, parents, students, and other members of the community with a clear understanding of violations of those rules and the resulting disciplinary actions. The following pages list, categorize and define certain violations that disrupt the school environment and the instructional process, and specify disciplinary actions that may be taken by the school administrator. A major consideration of the Student Code of Conduct is to identify appropriate disciplinary actions to bring about positive student behavior. The severity and frequency of the misbehavior are considered in defining appropriate disciplinary action. While administrative personnel bear the major responsibility for effectively carrying out the discipline policies, the entire staff plays a vital role in resolving problems influencing student behavior. The principal or designee shall conduct such an investigation as is reasonable under the circumstances to confirm that the charged offense has, in fact, been committed.

### **When is the Code in Force?**

The code is in force:

- On school property prior to, during, and following regular school hours when school is in session or when school activities are in operation.
- While students are on the school bus for any purpose.
- At all school-sponsored events and other activities where school administrators or other school personnel have jurisdiction over students.

That portion of the Code that protects school buildings and grounds is always in force. Additionally, the principal is authorized to take administrative action when a student's misconduct has a harmful effect on others while traveling to or from school or during the daily educational process.

### **EXPECTED STUDENT BEHAVIORS**

At Penn's Grove School all students are expected to:

- Engage in learning activities and take school work seriously

- Behave ethically

## **PARENTS' GUIDE TO THE STUDENT CODE OF CONDUCT**

Penn's Grove School is committed to ensuring that all students are learning in a safe and nurturing environment. To this end, policies are enforced in a fair and consistent manner. We have developed a Student Code of Conduct to serve as a disciplinary framework and support all behavioral and discipline policies, as well as Chapter 12 and other applicable state laws and policies.

All students are expected to be aware of and abide by this Student Code of Conduct. Parents are asked to read this Student Code of Conduct carefully and discuss the information with their children. It takes all of us—school staff, parents, and students—working together, to create and maintain a safe and nurturing environment that is conducive to learning for all children.

Disciplinary action may be taken for off-campus incidents if the action disrupts educational or administrative activity on the campus.

Loss of credit for assignment or course may be appropriate in addition to any of the consequences below.

Restitution for loss or damage may be requested in addition to any of the consequences below.

Where appropriate, law enforcement officials will be involved.

**Response to behaviors:** The professional staff at a school has the responsibility for taking appropriate actions when a student is involved in a situation which disrupts the learning environment of a school. When determining the consequences, they take the following into consideration:

- 1) The severity of the incident.
- 2) A student's previous violations and/or consequences for the same or a related offense.
- 3) If the offense interfered with the responsibility/rights/privileges/property of others.
- 4) If the offense posed a threat to the health or safety of others.
- 5) If the student has an Individualized Education Plan or a 504 Plan.
- 6) The logical relationship between the offense and the consequence.

## **POLICIES**

### **SEARCHES- Policy 5470**

It shall be the policy of the Oxford Area School District that searches shall be permitted and conducted, consistent with the fourth amendment of the Constitution of the United States, to uncover illegal or forbidden substances, materials or objects. Searches are to be conducted when there is reasonable suspicion that illegal or forbidden substances, materials or objects, including but not limited to weapons and drugs, are on the premises or in the possession of students and that the conduct of such searches will reveal evidence of a violation of law or school policy. For purposes of this policy, searches shall be permitted and conducted to uncover illegal or forbidden substances, materials or objects on a student's person, in a student's locker, in any student's possession or in any area of the school building. Furthermore, it shall be the policy of the Oxford Area School District that random searches and the use of outside agencies, resources, personnel and tactics shall be permitted when there is reasonable suspicion that such searches will reveal evidence of a violation of law or school policy.

By this policy, the conduct of the following types of searches shall be authorized:

- A. Body search – The search of a person to include pat down, the emptying of pockets, the removal of garments but only to the lowest layer of outer clothing. This type of search will only be conducted when there is reasonable suspicion that the search of that individual student will reveal evidence of a violation of law or school policy.
- B. Search of possessions – The search of items brought to school by students, which may contain illegal or forbidden substances, materials or objects. This might include, but is not limited to, such items as book bags, gym bags, purses, wallets or any object that might be used to conceal or carry items. This type of search will only be conducted when there is reasonable suspicion that the search of an individual student's possessions will reveal evidence of a violation of law or school policy.
- C. Locker search – The search of school lockers, desks, bookcases and apparatus available to students for their use. Lockers, desks, book cases, etc., are considered the property of the school district, not the property of the student, and are subject to search at any time, without notice, without student consent, and without search warrants.
- D. Sweep searches -- The search of all or a portion of a school building incorporating school or non-school resources, conducted without notice and without a search warrant, in order to detect the presence of illegal or forbidden substances, materials or objects.

The Superintendent of Schools shall develop procedures for the implementation of this policy. In all cases care must be exercised to ensure that all search activity undertaken does not violate protected rights.

### **BULLYING AND CYBER BULLYING - Policy 5490**

The Board strives to provide a safe, positive learning climate for students in the schools. Therefore, it shall be the policy of the School District to maintain an educational environment in which bullying and cyber bullying in any form are not tolerated.

All forms of bullying and cyber bullying by school district students are hereby prohibited. Anyone who engages in bullying or cyber bullying in violation of this Policy shall be subject to appropriate discipline. Students who have been bullied or cyber bullied shall promptly report such incidents to the designated employees.

Complaints of bullying or cyber bullying shall be investigated promptly, and corrective action shall be taken when a complaint is verified. Neither reprisals nor retaliation shall occur as a result of the submission of a complaint.

The School District shall annually inform students that bullying or cyber bullying of students will not be tolerated.

Cyber bullying includes, but is not limited to, the following misuses of technology: harassing, teasing, intimidating, threatening, or terrorizing another student, teacher, employee or volunteer of the School District by sending or posting inappropriate or derogatory email messages, instant messages, text messages, digital pictures or images, or Web site postings (including blogs). All forms of cyber bullying are unacceptable and, to the extent that such actions are disruptive of the educational process of the School District, offenders shall be the subject of appropriate discipline.

Bullying shall mean unwelcome verbal, written or physical conduct directed at a student by another student that has the intent of or effect of:

- Physically, emotionally or mentally harassing a student;
- Damaging, extorting or taking a student's personal property;
- Placing a student in reasonable fear or physical, emotional or mental harm.
- Placing a student in reasonable fear of damage to or loss of personal property; or
- Creating an intimidating or hostile environment that substantially interferes with a student's educational opportunities.

The term "bullying" and "cyber bullying" shall not be interpreted to infringe upon a student's right to engage in legally protected speech or conduct. Each staff member shall be responsible to maintain an educational environment free of bullying and cyber bullying. Each student shall be responsible to respect the rights of his/her fellow students and to ensure an atmosphere free from all forms of bullying and cyber bullying.

Students shall be encouraged to report bullying or cyber bullying complaints to School District employees. All employees who receive a bullying or cyber bullying complaint shall investigate to determine if bullying or cyber bullying has occurred. If the behavior is found to meet the definition of bullying or cyber bullying, written documentation must be submitted to the building principal. The building principal or his/her designee will inform parents of the victim and person accused.

### **Complaint Procedure**

- A student shall report a complaint of bullying or cyber bullying, orally or in writing, to a School District employee.
- The School District employee will investigate the alleged conduct that occurred.
- The School District employee may ask assistance from other School District employees in the investigation process.
- After the investigation, the building principal shall be notified in writing of the complaint and the results of the investigation and shall take corrective action to ensure that the conduct ceases.

A violation of this Policy shall subject the offending student to appropriate disciplinary action, consistent with the student discipline code, which may include suspension or expulsion.

### **UNLAWFUL HARRASSMENT - Policy 5500**

Oxford Area School District is to maintain a learning environment that is free from sexual harassment of any of its students. Sexual harassment consists of unwelcome sexual advances; requests for sexual favors and other inappropriate verbal or physical conduct of a sexual nature, when made by any member of the staff or by another student toward a student. Acts of sexual harassment may include, but are not limited to, verbal harassment or abuse; pressure for sexual activity; remarks to a student with sexual implications; unwelcome touching; suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning a student's grades, academic standing or general well-being. Any student who feels that he or she has been subjected to an incident of sexual harassment should report the incident immediately to the school administration or any other individual who can initiate an investigation.

More detailed information about policy 5500 concerning sexual harassment of students is available through the principal's office or at the Administration Building, Oxford Area School District Title IX Coordinator, Mr. Brian Cooney, 125 Bell Tower Lane, Oxford, PA 19363, 610-932-6600.

### **WELFARE: SMOKING – Policy 5420**

Students are not permitted to smoke or have in their possession tobacco or smoking paraphernalia such as matches, lighters, etc., at any time on school property. Possession of tobacco, tobacco products or paraphernalia will be considered as a violation of the smoking policy. School district policy and Pennsylvania law prohibit smoking on school property. Students found to be in violation of this offense will be referred to the District court in addition to other consequences.

### **WEAPONS – Policy 5480**

It shall be the policy of the Oxford Area School District that no weapon shall be found on the person of a student, under a student's control, on school property or at any school activity either held on school property or any school activity held away from school property. For purposes of this policy the definition of a weapon shall include, but not be limited to, any knife, cutting instrument, cutting tool, nunchaku, firearm, shotgun, rifle, and any other tool, instrument or implement capable of inflicting serious bodily injury. The term weapon shall also include items which are replicas or look-alike weapons which by virtue of appearance or the manner in which displayed would cause reasonable apprehension of a threat to a safe school environment.

No student shall interfere with the normal conduct of activities on school premises by exhibiting, using or threatening the use of any weapon, dangerous instrument or item resembling a weapon or dangerous instrument. Any student violating this policy shall be subject to disciplinary action up to and including expulsion from school.

When appropriate, criminal charges will be filed with the police in cases where the possession and/or concealment of a dangerous weapon are consistent with the prohibitions as defined in civil law.

Unless otherwise stipulated, expulsion from school for violation of this policy shall be for a period of time not less than one (1) year. In those cases where the violation of this policy involves a student with a defined disability, enforcement of this policy shall be consistent with all applicable state and federal laws, regulations or guidelines.

The Superintendent of Schools shall establish procedures and guidelines for the implementation and enforcement of this policy. These procedures and guidelines shall include provisions for implementation which take into consideration the age and grade level of the student and those cases of violations of this policy involving students with disabilities.

The Superintendent shall be allowed to modify any disciplinary requirement for violation of this policy by a student including expulsion on a case-by-case basis in those instances where the possession of a weapon in school requires expulsion from school for a period of time consistent with state or federal law.

**\*Enforcement of the above list will be at the discretion of faculty and administrative staff.**

### **WELFARE: DRUG AND ALCOHOL - Policy 5430**

This policy including its rules, regulations, and guidelines is a coordinated effort by the Oxford Area School District to openly and effectively respond to the potential and actual uses and abuses of drugs, alcohol, and mood-altering substances by members of its entire student population.

Through the use of a revised curriculum, classroom activities, community support and resources, a strong and consistent administrative and faculty effort, and rehabilitative and disciplinary procedures, the Oxford Area School District will work to educate, prevent and intervene in the use and abuse of all drugs, alcohol and mood altering substances by the entire student population. As an extension of this policy, the following rules, regulations and guidelines shall be used by all school district personnel when responding to a student's unlawful use, abuse, sale, distribution, and/or possession of drugs, alcohol, any mood-altering substances, or paraphernalia associated with the use of drugs, alcohol, and mood altering substances.

### **VIDEO SURVEILLANCE - Policy 5475**

A. The Board recognizes the district's responsibility to maintain order and discipline on school property. Recorded images may be used with the disposition of disciplinary actions, including legal proceedings. The Board also desires to afford students and staff privacy in respect to the records maintained by the district. Therefore, video surveillance will be used as a security measure.

B. Balancing the right of privacy of students and staff against the district's duty to maintain order and discipline, the Board deems it appropriate to provide for the use of video camera surveillance on school grounds and in school buildings.

The following guidelines will govern the use of video cameras for surveillance:

1. The district shall notify students, parents and staff that video surveillance may occur on any school property. The district shall post appropriate signs and incorporate notice in the student handbook.

2. The use of video recordings from surveillance equipment shall be subject to other Board policies, including policies concerning the confidentiality of student and staff records.

C. Video surveillance shall only be used to promote order, safety and security of students, staff and property. Video footage may and will be used to substantiate violations of the district discipline policy. Parents shall not have the right to view footage unless the disciplinary action results in court/legal proceedings. All recorded footage is the property of the Oxford Area School District.

## CHAPTER 12 REGULATIONS

### Introduction

Self-discipline is the ideal. In the event that the student does not follow that ideal, the Oxford Area School Board has the authority to make reasonable and necessary rules governing the conduct of students in school, as provided by section 1317 of the School Code of the Commonwealth of Pennsylvania: Authority of Teachers, Vice Principals and Principals over Pupils.

- Faculty and administration should know and respect student rights.
- Students should respect the rights of faculty and administration.
- Students must obtain permission for activities and/or requests not covered specifically in the handbook.
- Students involved in school activities with faculty supervision shall have access to the building until 3:00 p.m. when school is in session.
- Students have a right to confidentiality concerning their personal, social and emotional development.
- A student may be elected by the student body as a non-voting member of the school board.
- **Chapter 12** includes information about student responsibilities, school rules, discrimination, corporal punishment, suspension and expulsion, hearings, freedom of expression, the Pledge of Allegiance, hair and dress, confidential communications, searches, and student records.
- The Oxford Area School Board adopts Chapter 12: Student Rights and Responsibilities Regulations of the State Board of Education of Pennsylvania approved September 13, 1974; Section 12.31 and 12.32 approved July 14, 1974 and amended July 15, 1977; Chapter amended March 10, 1983 – effective February 18, 1984.

### § 12.1. Free education and attendance.

(a) All persons residing in this Commonwealth between the ages of 6 and 21 years are entitled to a free and full education in the commonwealth's public schools.

(b) Parents or guardians of all children between the ages of 8 and 17 are required by the compulsory attendance law to ensure that their children attend an approved educational institution, unless legally excused.

Students who have not graduated may not be asked to leave school merely because they have reached 17 years of age if they are fulfilling their responsibilities as students. A student may not be excluded from the public schools or from extracurricular activities because:

- (1) The student is married.
- (2) The student is pregnant.
- (3) The student has a disability as identified by Chapter 15 (relating to protected handicapped students).
- (4) The student is an eligible student identified under Chapter 14 (relating to special education services and programs).

### **§ 12.2. Student responsibilities.**

- (a) Student responsibilities include regular school attendance, conscientious effort in classroom work and homework, and conformance to school rules and regulations. Most of all, students are responsible to share with the administration and faculty a responsibility to develop a climate within the school that is conducive to wholesome learning and living.
- (b) No student has the right to interfere with the education of fellow students. It is the responsibility of each student to respect the rights of teachers, students, administrators and all others who are involved in the educational process.
- (c) Students should express their ideas and opinions in a respectful manner.
- (d) It is the responsibility of the students to conform to the following:
  - (1) Be aware of all rules and regulations for student behavior and conduct themselves in accordance with them. Students should assume that, until a rule is waived, altered or repealed in writing, it is in effect.
  - (2) Volunteer information in matters relating to the health, safety and welfare of the school community and the protection of school property.
  - (3) Dress and groom to meet standards of safety and health, and not to cause substantial disruption to the educational processes.
  - (4) Assist the school staff in operating a safe school for the students enrolled therein.
  - (5) Comply with Commonwealth and local laws.
  - (6) Exercise proper care when using public facilities and equipment.
  - (7) Attend school daily and be on time at all classes and other school functions.
  - (8) Make up work when absent from school.
  - (9) Pursue and attempt to complete satisfactorily the courses of study prescribed by local school authorities.
  - (10) Report accurately in student media.
  - (11) Not use obscene language in student media or on school premises.

### **§ 12.3. School rules.**

- (a) The governing board has the authority to make reasonable and necessary rules governing the conduct of students in school. The rulemaking power, however, is not unlimited; it must operate within statutory and constitutional restraints. A governing board has only those powers that are enumerated in the statutes of the Commonwealth, or that may reasonably be implied or necessary for the orderly operation of the school.
  - (b) Governing boards may not make rules that are arbitrary, capricious, discriminatory or outside their grant of authority from the General Assembly. A rule is generally considered reasonable if it uses a rational means of accomplishing some legitimate school purpose.
  - (c) Each governing board shall adopt a code of student conduct that includes policies governing student discipline and a listing of students' rights and responsibilities as outlined in this chapter.
- This conduct code shall be published and distributed to students and parents or guardians. Copies of the code shall also be available in each school library.

### **§ 12.4. Discrimination.**

Consistent with the Pennsylvania Human Relations Act (43 P. S. §§ 951—963), a student may not be denied access to a free and full public education, nor may a student be subject to disciplinary action on account of race, sex, color, religion, sexual orientation, national origin or disability.

### **§ 12.5. Corporal punishment.**

- (a) Corporal punishment is defined as physically punishing a student for an infraction of the discipline policy. Use of corporal punishment is prohibited.
- (b) Teachers and school authorities may use reasonable force under the following circumstances:
  - (1) To quell a disturbance.
  - (2) To obtain possession of weapons or other dangerous objects.
  - (3) For the purpose of self-defense.

- (4) For the protection of persons or property.

**§ 12.6. Exclusions from school.**

(a) The governing board shall define and publish the types of offenses that would lead to exclusion from school. Exclusions affecting certain students with disabilities shall be governed by § 14.143 (relating to disciplinary placements) and 34 CFR 300.519—300.529 (relating to discipline procedures).

(b) Exclusion from school may take the form of suspension or expulsion.

(1) Suspension is exclusion from school for a period of from 1 to 10 consecutive school days.

(i) Suspensions may be given by the principal or person in charge of the public school.

(ii) A student may not be suspended until the student has been informed of the reasons for the suspension and given an opportunity to respond. Prior notice of the intended suspension need not be given when it is clear that the health, safety or welfare of the school community is threatened.

(iii) The parents or guardians and the superintendent of the district shall be notified immediately in writing when the student is suspended.

(iv) When the suspension exceeds 3 school days, the student and parent shall be given the opportunity for an informal hearing consistent with the requirements in § 12.8(c) (relating to hearings).

(v) Suspensions may not be made to run consecutively beyond the 10 school day period.

(vi) Students shall have the responsibility to make up exams and work missed while being disciplined by suspension and shall be permitted to complete these assignments within guidelines established by the governing board.

(2) Expulsion is exclusion from school by the governing board for a period exceeding 10 school days and may be permanent expulsion from the school rolls. Expulsions require a prior formal hearing under § 12.8.

(c) During the period prior to the hearing and decision of the governing board in an expulsion case, the student shall be placed in his normal class except as set forth in subsection.

(d) If it is determined after an informal hearing that a student's presence in his normal class would constitute a threat to the health, safety or welfare of others and it is not possible to hold a formal hearing within the period of a suspension, the student may be excluded from school for more than 10 school days. A student may not be excluded from school for longer than 15 school days without a formal hearing unless mutually agreed upon by both parties. Any student so excluded shall be provided with alternative education, which may include home study.

(e) Students who are under 17 years of age are still subject to the compulsory school attendance law even though expelled and shall be provided an education.

(1) The initial responsibility for providing the required education rests with the student's parents or guardian, through placement in another school, tutorial or correspondence study, or another educational program approved by the district's superintendent.

(2) Within 30 days of action by the governing board, the parents or guardians shall submit to the school district written evidence that the required education is being provided as described in paragraph (1) or that they are unable to do so. If the parents or guardians are unable to provide the required education, the school entity shall, within 10 days of receipt of the notification, make provision for the student's education. A student with a disability shall be provided educational services as required by the Individuals With Disabilities Education Act (20 U.S.C.A. §§ 1400—1482).

(3) If the approved educational program is not complied with, the school entity may take action in accordance with 42 Pa.C.S. Chapter 63 (relating to the Juvenile Act) to ensure that the child will receive a proper education. See § 12.1(b) (relating to free education and attendance).

**§ 12.7. Exclusion from classes—in-school suspension.**

- (a) A student may not receive an in-school suspension unless the student has been informed of the reasons for the suspension and has been given an opportunity to respond before the suspension becomes effective.
- (b) Communication to the parents or guardian shall follow the suspension action taken by the school.
- (c) When the in-school suspension exceeds 10 consecutive school days, an informal hearing with the principal shall be offered to the student and the student's parent or guardian prior to the 11th school day in accordance with the procedures in § 12.8 (relating to hearings).
- (d) The student's school entity has the responsibility to make provision for the student's education during the period of the in-school suspension.

**§ 12.8. Hearings.**

- (a) *General.* Education is a statutory right, and students shall be afforded due process if they are to be excluded from school. In a case involving a possible expulsion, the student is entitled to a formal hearing.
- (b) *Formal hearings.* A formal hearing is required in all expulsion actions. This hearing may be held before the governing board or an authorized committee of the board, or a qualified hearing examiner appointed by the board. When a committee of the board or a hearing examiner conducts the hearing, a majority vote of the entire governing board is required to expel a student. The following due process requirements shall be observed with regard to the formal hearing:
  - (1) Notification of the charges shall be sent to the student's parents or guardians by certified mail.
  - (2) At least 3 days' notice of the time and place of the hearing shall be given. A copy of the expulsion policy, notice that legal counsel may represent the student and hearing procedures shall be included with the hearing notice. A student may request the rescheduling of the hearing when the student demonstrates good cause for an extension.
  - (3) The hearing shall be held in private unless the student or parent requests a public hearing.
  - (4) The student may be represented by counsel, at the expense of the parents or guardians, and may have a parent or guardian attend the hearing.
  - (5) The student has the right to be presented with the names of witnesses against the student, and copies of the statements and affidavits of those witnesses.
  - (6) The student has the right to request that the witnesses appear in person and answer questions or be cross-examined.
  - (7) The student has the right to testify and present witnesses on his own behalf.
  - (8) A written or audio record shall be kept of the hearing. The student is entitled, at the student's expense, to a copy. A copy shall be provided at no cost to a student who is indigent.
  - (9) The proceeding shall be held within 15 school days of the notification of charges, unless mutually agreed to by both parties. A hearing may be delayed for any of the following reasons, in which case the hearing shall be held as soon as reasonably possible:
    - (i) Laboratory reports are needed from law enforcement agencies.
    - (ii) Evaluations or other court or administrative proceedings are pending due to a student invoking his rights under the Individuals With Disabilities Education Act (20 U.S.C.A. §§ 1400—1482).
    - (iii) In cases in juvenile or criminal court involving sexual assault or serious bodily injury, delay is necessary due to the condition or best interests of the victim.
  - (10) Notice of a right to appeal the results of the hearing shall be provided to the student with the expulsion decision.
- (c) *Informal hearings.* The purpose of the informal hearing is to enable the student to meet with the appropriate school official to explain the circumstances surrounding the event for which the student is being suspended or to show why the student should not be suspended.

- (1) The informal hearing is held to bring forth all relevant information regarding the event for which the student may be suspended and for students, their parents or guardians and school officials to discuss ways by which future offenses might be avoided.
- (2) The following due process requirements shall be observed in regard to the informal hearing:
  - (i) Notification of the reasons or the suspension shall be given in writing to the parents or guardians and to the student.
  - (ii) Sufficient notice of the time and place of the informal hearing shall be given.
  - (iii) A student has the right to question any witnesses present at the hearing.
  - (iv) A student has the right to speak and produce witnesses on his own behalf.
  - (v) The school entity shall offer to hold the informal hearing within the first 5 days of the suspension.

#### **§ 12.9. Freedom of expression.**

- (a) The right of public school students to freedom of speech is guaranteed by the Constitution of the United States and the Constitution of the Commonwealth.
- (b) Students shall have the right to express themselves unless the expression materially and substantially interferes with the educational process, threatens serious harm to the school or community, encourages unlawful activity or interferes with another individual's rights.
- (c) Students may use publications, handbills, announcements, assemblies, group meetings, buttons, armbands and any other means of common communication, provided that the use of public school communications facilities shall be in accordance with the regulations of the authority in charge of those facilities.
  - (1) Students have the responsibility to obey laws governing libel and obscenity and to be aware of the full meaning of their expression.
  - (2) Students have the responsibility to be aware of the feelings and opinions of others and to give others a fair opportunity to express their views.
- (d) Identification of the individual student or at least one responsible person in a student group may be required on posted or distributed materials.

  - (1) Students have a right and are as free as editors of other newspapers to report the news and to editorialize within the provisions in paragraphs (4) and (5).
  - (2) School officials shall supervise student newspapers published with school equipment, remove obscene or libelous material and edit other material that would cause a substantial disruption or interference with school activities.
  - (3) School officials may not censor or restrict material simply because it is critical of the school or its administration.
  - (4) Prior approval procedures regarding copy for school newspapers must identify the individual to whom the material is to be submitted and establish a limitation on the time required to make a decision. If the prescribed time for approval elapses without a decision, the material shall be considered authorized for distribution.
  - (5) Students who are not members of the newspaper staff shall have access to its pages. Written criteria for submission of material by non-staff members shall be developed and distributed to all students.

(h) The wearing of buttons, badges or armbands shall be permitted as another form of expression within the restrictions listed in subsection).

(i) School officials may set forth the time and place of distribution of materials so that distribution would not materially or substantially interfere with the requirements of appropriate discipline in the operation of the school.

(1) A proper time and place set for distribution is one that would give the students the opportunity to reach fellow students.

(2) The place of the activity may be restricted to permit the normal flow of traffic within the school and at exterior doors.

#### **§ 12.10. Flag Salute and the Pledge of Allegiance.**

It is the responsibility of every citizen to show proper respect for his country and its flag.

(1) Students may decline to recite the Pledge of Allegiance and may refrain from saluting the Flag on the basis of personal belief or religious convictions.

(2) Students who choose to refrain from such participation shall respect the rights and interests of classmates who do wish to participate.

(a) The governing board may establish dress codes or require that students wear school uniforms. Policies may apply to individual school buildings or to all school buildings.

(b) Students have the right to govern the length or style of their hair, including facial hair. Any limitation of this right must include evidence that length or style of hair causes disruption of the educational process or constitutes a health or safety hazard. When length or style of the hair presents a health or safety hazard, some types of covering shall be used.

(c) Students may be required to wear certain types of clothing while participating in physical education classes, shops, extracurricular activities or other situations when special attire may be required to insure the health or safety of the student.

(d) Students have the responsibility to keep themselves, their clothes and their hair clean. School officials may impose limitations on student participation in the regular instructional program when there is evidence that the lack of cleanliness constitutes a health hazard.

#### **§ 12.12. Confidential communications.**

(a) Use of a student's confidential communications to school personnel in legal proceedings is governed by statutes and regulations appropriate to the proceeding. See, for example, 42 Pa.C.S. § 5945 (relating to confidential communications to school personnel).

(b) Information received in confidence from a student may be revealed to the student's parents or guardians, the principal or other appropriate authority when the health, welfare or safety of the student or other persons is clearly in jeopardy.

#### **§ 12.14. Searches.**

(a) The governing board of every school entity shall adopt reasonable policies and procedures regarding student searches. The local education agency shall notify students and their parents or guardians of the policies and procedures regarding student searches.

(b) Illegal or prohibited materials seized during a student search may be used as evidence against the student in a school disciplinary proceeding.

(c) Prior to a locker search, students shall be notified and given an opportunity to be present. When school authorities have a reasonable suspicion that the locker contains materials that pose a threat to the health, welfare or safety of students in the school, student lockers may be searched without prior warning.
