Benefits of SAT School Day for Students

- **Convenience.** Students don't have to worry about locating or getting to the testing site. School day testing won't disrupt weekend plans, jobs, or family time.
- **Comfort.** Students test in familiar surroundings with people they know.
- **Confidence.** Nothing builds confidence like practice and the SAT is the only admission test that offers free, personalized practice plans for all students. Official SAT Practice on Khan Academy® provides every student with a practice plan built just for them, along with integrated coaching tools for teachers to view progress and support their students.
