

# Interact Club

Dedicated to Providing Service to Others

# What is Interact, and what does Interact do?

The Interact Club, an extension of the International Rotary Organization, is designed specifically for 12 -18-year-olds to work together to provide service in their community and the world around them.

The Interact Club typically meets every two weeks to discuss possible service projects and to keep members informed about upcoming events and opportunities in which to participate.

Each year, the Oxford Interact Club prepares for three service projects: one for the community, one for our country, and one that is international in its scope with the hope that we can do more.

For information on how to join the Interact Club please contact an officer or our advisor.

Staff Advisor – Mrs. Brenda Moran
