STUDENT ACKNOWLEDGEMENT

Appropriate access and use of district technology and technology services require proper conduct of the user. This document is provided so that students are aware of their responsibilities when using Oxford Area School District's (O.A.S.D.) technology resources, and to explain to users that they will be held accountable for their non-compliance with O.A.S.D.'s technology policies. In order to use District Technology and Technology Services, students must adhere to the guidelines established within administrative procedures for Oxford Area School District Policy 6330. By signing below, the user acknowledges the following statements:

1. I have read and understand the district's Acceptable Use Policy 6330 and agree to abide by the conditions specified therein.
2. I understand that violation of the guidelines may result in loss of district technology and technology services privileges and in disciplinary action, and may constitute a criminal offense. I understand that illegal use of district technology and technology services will be reported to the appropriate authorities for possible prosecution.
3. I hereby release the district and its personnel from any and all liability from claims and damages that may arise from my use of district technology and technology services. I understand that I shall be held responsible for damage to equipment, software, or systems that result from my deliberate and willful acts.
4. I understand and agree that all technology systems and equipment, as well as all data transmitted, received, or stored using district systems, are the property of the school district. I also understand that I have no expectation of privacy connected to the transmission, receipt, or storage of data using district systems.
5. I also acknowledge and consent to the monitoring of my use of district technology and technology services by appropriate district personnel, including accessing, reviewing, and printing files which I have created, transmitted, received, or stored using the district system.
6. I understand that any accounts issued to me are to be used only by me and are to be used in a responsible manner at all times. I will also take reasonable precautions to prevent others from being able to use my account. Furthermore, I agree that my use of district technology and technology services is to be solely educational in nature, in support of educational pursuits consistent with the district mission statement and educational goals. Personal use of district technology and technology services is prohibited.
7. The Superintendent or designee will only authorize the tracking of any District owned device after the reasonable protocols for recovery of the district owned device are exhausted. Tracking may involve the activation of the equipment location software. Only after the reasonable protocols are exhausted will the tracking of the device be considered or authorized:
 - 7a. Tracking will occur when student or staff report lost or stolen items.
 - 7b. Tracking will occur after five (5) days of dis-enrolled student or separation of staff without property being returned to District.
