## What happens during **digital class**? (Monday & Wednesday 8-11:30 AM)

This is a time for you to attend live classes with your teachers. It is required that you show up to digital class just like you used to show up for class in-person. Your teachers will be directly instructing you and answering live questions at this time. **Digital class time will be held via Zoom chat.** Please see your teachers website for the link.

## What happens during **office hours**? (Tuesday & Thursday 9:30-11:30 AM)

Office hours is a scheduled time for students to work independently on work posted by their teachers. This is also a time where your teachers are available to you for digital work time or questions. **Office hours for the Sycamore Team – Click the link on our websites for the Zoom meeting you would like to attend.**

## What happens during **open office hours**?

Open office hours is a time for you to clarify and/or catch up on work from Monday-Thursday. The Sycamore Team will be available via email on Friday.

# Digital Science Class Routine

**Science class will be broken down into 3 segments of 10 minutes.**
