

# DAY CELEBRATION

**On Friday, March 13, we will be having a Pi Day Celebration in Ms. Fowler's class! We will spend each class period learning about Pi and its significance, as well as exploring a variety of activities related to Pi.**

**We would like students to bring in any circular, or round food item to share with the class. Although we will be asking students for any food allergies, please contact Ms. Fowler ([jfowler@oxfordasd.org](mailto:jfowler@oxfordasd.org)) in regard to any concerns.**

**Happy Pi Day!**
